

heavy105

heavy105 delivers consistent performance quality and is developed for printing with profiles requiring higher ink densities. The base paper compound formulation tolerates extreme amount of ink while the paper itself continues to stay flat during printing. heavy105 brings out the deep, vibrant colours to create clear and sharp images, and is tailored for soft signage and sportswear.

Product qualities

- 105 gsm base weight
- Excellent transfer yield
- Very high ink release
- Extremely ink efficient
- High quality contour
- Super fine detail printing
- Great dimensional stability
- 100 m length rolls or Jumbo rolls available
- Fast drying time
- Less cockling

Parameter	Units	Mean	Tolerance	Standard
Grammage	g/m ²	105	±3	ISO 536
Caliper	µm	145	±5	ISO 534
Brightness	%	84	±2	ISO 2470 / D65 10°
Sizing Cobb	g/m ²	24	±5	ISO 535
