

superlite45

superlite45 is developed anticipating the demand for light-weight papers in today's market. This innovative light weight solution offers great stability, without compromising the demanding quality standards of printing and transfer. This economical paper is optimal for fine detailed printing and stable even on light-weight textiles as used in fashion industries.

Product qualities

- 45 gsm base weight
- Excellent transfer yield
- Very high ink release
- Extremely ink efficient
- High quality contour
- Super fine detail printing
- 250 m length rolls or Jumbo rolls available
- Great dimensional stability
- Fast drying time
- Less cockling

Parameter	Units	Mean	Tolerance	Standard
