

SureColor SC-F2000 (5C)

DATASHEET

The SureColor SC-F2000 is the first Direct-To-Garment (DTG) printer from Epson, offering a complete design and textile printing package.

You can now print directly onto fabric, thanks to the SureColor SC-F2000's new ink, design software and printhead. With low total cost of ownership, it is reliable and productive and is ideal for printing directly onto t-shirts and bags. With its UltraChrome DG ink and Garment Creator software, this fabric printer gives you the opportunity to start making money fast.

High quality

Its single platen makes it easy to print onto fabric and its height is adjustable to achieve precise results on fabric up to 25mm thick. The printed area on fabric is soft, making t-shirts comfortable and hard wearing. Featuring Epson's PrecisionCore TFP printhead, with a resolution of up to 1440x1440dpi for accurate dot shape and placement, its wide colour gamut produces vibrant colours and smooth gradations.

Fast print speeds

This DTG printer can print a single t-shirt in 27 seconds¹ making production quick and easy.

UltraChrome DG ink

Epson's UltraChrome DG Ink comes in 600ml cartridges, it is ideal for printing on dark fabric, as its white ink is tough and resistant to cracking. The white ink is circulated within the system to reduce clogging.

Flexible

The SC-F2000 prints on a wide range of media and a variety of textiles and comes with design software to easily create customised t-shirts.

Eco-friendly

Epson's UltraChrome DG ink has been awarded an ECO PASSPORT certification from OEKO-TEX®2.

KEY FEATURES

- **Fast printing speeds**
Can print a single t-shirt in 27 seconds¹
- **Epson technology**
PrecisionCore TFP printhead, new design software and UltraChrome DG ink
- **High quality**
Prints on dark fabric as white ink is tough and does not crack
- **ECO PASSPORT by OEKO-TEX®**
Epson's UltraChrome DG ink has been awarded Eco Passport certification
- **Flexible**
Prints directly onto fabric and has a wide colour gamut

PRODUCT SPECIFICATIONS

PAPER / MEDIA HANDLING

Print Area	Large Platen (16"x20"/406x508mm), Medium Platen (14"x16"/356x406mm), Small Platen (10"x12"/254x305mm), Sleeve Platen (4"x 4"/ 101 x 101mm)
Compatible Substrate Thickness	up to 25 mm

TECHNOLOGY

Ink Technology	Ultrachrome® DG
----------------	-----------------

PRINT

Colours	Black, Cyan, Yellow, Magenta, White
Nozzle Configuration	720 Nozzles black, 720 Nozzles per colour, 720 Nozzles white x2

GENERAL

Energy Use	52 W, 20 W (economy), 10 W (standby), 0,5 W (Power off)
Supply Voltage	AC 100 V - 240 V, 50 Hz - 60 Hz
Product dimensions	985 x 1.425 x 490 mm (Width x Depth x Height)
Product weight	82 kg
Sound Power	Operation: 5,7 B (A)
Noise Level	Operation: 41 dB (A)

OTHER FEATURES

Memory	Printer: 512 MB, Network: 128 MB
--------	----------------------------------

OTHER

Warranty	12 months On-site service Optional warranty extension available
----------	--

LOGISTICS INFORMATION

SKU	C11CC62001A0
EAN code	8715946534664
Dimensions Single Carton	1100 x 3165 x 1030 mm
Carton Weight	153 Kg
Multiple Order Quantity	1 Units
Country of Origin	China
Pallet Size Euro	1 Units
