

# Clock Instructions

Adventa®

## Components

- Hour, minute and second hands
- Lense cover
- Battery

MADE IN UK

1  
Roll photograph round the opposite way - before placing it onto the clock base.

2  
Slot the cut tabs on the photograph on to the on the clock face.

3  
The photograph should now be in place on the clock face.

4  
Place the hour hand first, then minute, then second hand on (flat-side up). Set the hands to 12 o'clock and put the battery into the back of the clock.

5  
Match the clear tabs of the lens with the clock face and put together.

6  
Set the time and finish, hang on your wall securely.
