

SureColor SC-P800

DATASHEET

Superior-quality A2 photo printer with flexible connectivity and roll paper option for creating professional prints on a range of media

The SureColor SC-P800 is Epson's top-of-the-range A2 desktop ProPhoto printer. This superior-quality printer uses UltraChrome HD ink and is ideal for professional photographers and artists wishing to produce true-to-life photos on a range of media. Users can also easily print from a number of devices, including tablets, PCs and smartphones, thanks to Wi-Fi connectivity.

Superior quality prints

Using UltraChrome HD ink, our new nine-colour ink-set, the SC-P800 produces true-to-life photos with vivid colours and the deepest blacks on the market¹. Your prints will last for ages thanks to the inks' improved lightfastness², and large 80ml ink cartridges mean fewer trips to change the ink.

Print on a range of media

The SC-P800 is the smallest A2 printer with roll paper option¹, which enables users to print panoramic photos on formats such as banners and gallery wrap canvas. Three paper paths, including a front-loading fine art paper path, means users can easily switch between different formats.

Stay connected

With the SC-P800, it is easier than ever before to print from a whole range of devices. This model is the first 17-inch photo printer with wireless functionality¹ and Epson Connect compatibility for great flexibility and freedom, meaning easy printing from tablets, PCs and smartphones. Wi-Fi Direct is also supported, meaning the printer can easily communicate with your smart devices.

Easy-to-use

The SC-P800 features quick, simple set-up and operation thanks to a large 2.7-inch colour touch panel. It guides the user through how to load different media types and enables them to easily switch between these before printing.

High-quality look and feel

A new sleek, modern design means the printer has the smallest footprint of any A2 printer on the market¹ and it fits well where space is an issue, at home or in the studio.

KEY FEATURES

- **Nine-colour UltraChrome HD inks**
Exceptional quality colour images with deep blacks and rich tones
- **Roll paper option**
Print panoramic photos on formats such as banners and gallery wrap canvas
- **Wi-Fi Direct and Epson Connect**
Easy to connect wirelessly and over the Cloud
- **Large colour 2.7 inch touch screen**
Easily set up and monitoring without the need for a PC
- **Large 80ml ink cartridges**
Ideal for large print runs of professional-quality photo prints

PRODUCT SPECIFICATIONS

TECHNOLOGY	
Ink Technology	Ultrachrome® HD
PRINT	
Colours	Vivid Light Magenta, Vivid Magenta, Yellow, Light Cyan, Cyan, Matte Black, Photo Black, Light Black, Light Black
Nozzle Configuration	180 Nozzles black, 180 Nozzles per colour
PAPER / MEDIA HANDLING	
Compatible Paper Thickness	0,29 mm - 1,5 mm
Compatible Paper Weight	73 g/m ² - 1.000 g/m ²
GENERAL	
Energy Use	21 W, 1,8 W (standby), 0,5 W (Power off)
Supply Voltage	AC 220 V - 240 V, 50 Hz - 60 Hz
Product dimensions	684 x 376 x 250 mm (Width x Depth x Height)
Product weight	19,5 kg
Noise Level	Operation: 49,6 dB (A)
OTHER FEATURES	
Memory	Printer: 256 MB
OTHER	
Warranty	12 months On site service Optional warranty extension available

LOGISTICS INFORMATION

SKU	C11CE22301BX
EAN code	8715946605500
Dimensions Single Carton	795 x 525 x 395 mm
Carton Weight	26,39 Kg
Multiple Order Quantity	1 Units
Country of Origin	China
Pallet Size Euro	10 Units (2 x 5)

Seiko Epson Corporation

1. - Compared against competitors' A2 photo printers with a 6-colour or greater ink-set available as of January 2015
2. - Compared to Epson UltraChome K3 ink. Lightfastness of UltraChome HD ink determined as approximately 60 years when tested in conditions based on JEITA CP-3901A standard (A4 glossy paper, temperature 23°C and humidity 50%).
